

## **VD 162 INFO Messages from God the Father - 2019-04-23**

Dear viewers and readers,

in view of the occasion I created this extraordinary information video today.

Yesterday, Easter Monday, during my evening prayer time, I received a message from God the Father that there will be public messages from Him in the future.

I'll receive these from him at certain intervals, write them down, make them known by video and publish them collected in book form.

I cannot yet say when this will begin, since God in general doesn't give any concrete dates.

So far, His communications to me were rather brief and largely related to my personal life. You can read them in my autobiography. I've published a few messages, which are of importance for the general public, on my homepage.

The now announced messages of God the Father to us are mainly addressed to the people in the German speaking countries, in Europe as well as to the whole world.

For the videos I'll set up a separate playlist on my *YouTube* channel. Furthermore I'll also link them on *Facebook* and *Twitter*.

As we know, the situation has deteriorated considerably in recent years. Everywhere there are crises and wars. The persecution of Christians but also of Jews has increased significantly.

Especially in the last few weeks, there has been a strong increase in violence, which shook us. At this point I'd like to express my deep sympathy to all those who are directly or indirectly affected by it, suffering from it or have lost a loved one.

Despite this accumulation of sad news reaching us almost daily, God is not far away. He observes what is happening on Earth very closely. Apparently He has decided to turn to us in personal words.

He sees that due to our misconduct we are tangled up in the undergrowth again and again and cannot free ourselves from it by our own efforts.

Therefore, He makes His mercy work on us even though we don't deserve it.

Especially in these troubled times in which churches burn and people lose their lives, the Almighty shows us His special closeness.

Let us therefore not only be stirred up by the images of terror, but also let our hearts be touched by the words of God. Only He can heal our wounds.
